

Dear Forestlands Shareholder,

Update

3/3/2017

As of Monday the 6<sup>th</sup> of March, we will be locking the numbers in for each share and preparing the pay-out file to be sent to our Bank. Once this file is completed and rechecked – ANZ will arrange the cheque printing process.

1 Please note - we have been amending your address changes as they have been coming in.

2 Please note – we are extremely busy getting this process underway as we understand the urgency for getting this task completed for all shareholders.

3 Please understand while we are devoting all our time to this task, we may not be able to respond to individual emails or phone calls right now during this time.

4 Think of this distribution process as a window, where we need to work within that window to catch everything at that time.

Thank you for your patience...

Kind regards

Forestlands
